## ABOUT THE COMPANY

*Wood Creation - The soul behind every step & every structure*

At Wood Creation, we believe wood is more than a material — it's a medium for architectural storytelling. What began as a passion for design and form has evolved into a premium brand redefining how wood elevates modern interiors.

We are the creators of a one-of-its-kind sculpted log-tread staircase series — a designer collection that transforms structural elements into artful centrepieces. But our vision goes far beyond steps.

With graceful contours, natural grain patterns, and bold design intent, each log brings artistry, structure, and warmth into the environments it touches.

We work with only the finest woods — Teak, Walnut, Wenge, Ebony, and other exotic hardwoods — selected for their strength, richness, and individuality.

**"At Wood Creation, we don't follow trends.  
We sculpt new ones."**

## VISION

- To become the global benchmark in architectural wood design by transforming everyday structural elements into extraordinary design experiences.
- We envision a world where staircases, partitions, and vertical elements are no longer just construction components — but signature expressions of luxury, identity, and creativity.
- With every sculpted log, we aim to elevate interiors and inspire a new era of spatial storytelling — bold, timeless, and unmistakably unique.

## MISSION

To craft premium, precision-sculpted wooden logs that empower architects, designers, and builders to create timeless spaces with sculptural intent.

We are committed to:

- Offer multi-functional log components for use as staircase treads, partitions, handrails, pillars, and more
- Deliver designer-grade finishing and visual consistency across every piece
- Support creative visionaries with products that are as functional as they are artistic
- Become a trusted name in luxury interior materials — known for quality, integrity, and innovation

*"At Wood Creation, our mission is to help you craft interiors where every step, edge, and division tells a story — sculpted from nature, made unforgettable by design."*

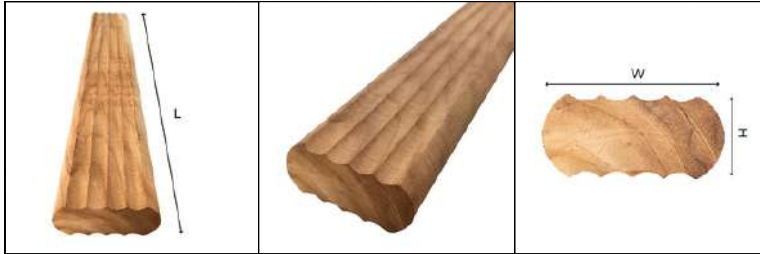

## WHY CHOOSE WOOD CREATION

- A designer staircase brand offering the world's first sculpted log-tread collection
- Precision-shaped logs made from **Teak, Walnut, Wenge, Ebony, and other premium hardwoods.**
- Suitable for **treads, partitions, railings, and structural design elements.**
- Perfect for **luxury villas, boutique homes, resorts, and architect-driven interiors.** Seamlessly integrates with modern, classic, or contemporary design styles.
- At Wood Creation, we don't just supply wood — we provide the foundation for unforgettable spaces.

*“This is not just a staircase. It's a signature, a statement, and a new design language for those who dare to build beyond the ordinary.”*

## PRODUCT INTRODUCTION

### *Introducing Design-Driven Signature Wooden Logs For Staircase Treads & Beyond*

#### Classic Sculpted Wooden Log

This log features a unique scalloped contour that ensures better foot grip and elegant visual rhythm to staircases.

**Size:** 105(W) x 47(H) mm

**Available Lengths (L):** 1 to 8 feet

**Wood Options-**Teak, walnut, wenge, Ebony and other exotic hardwoods (Subject to Availability).

#### Fluted Sculpted Wooden Log

Designed with a fine fluted texture and micro-scalloped edge, this log adds an elegant rhythm to staircases while enhancing foot grip and aesthetics.

**Size:** 105(W) x 47(H) mm

**Available Lengths (L):** 1 to 8 feet

**Wood Options-**Teak, walnut, wenge, Ebony and other exotic hardwoods (Subject to Availability).

#### Fine Fluted Sculpted Log

Crafted with precision, this log features delicate fine flutes with a smooth scalloped edge, delivering a subtle texture and clean profile for minimalistic yet artistic staircases.

**Size:** 105(W) x 47(H) mm

**Available Lengths (L):** 1 to 8 feet

**Wood Options-**Teak, walnut, wenge, Ebony and other exotic hardwoods (Subject to Availability).

### Classic Sculpted Wooden Log

Featuring a bold scalloped contour with rounded edges, this sculpted log brings elegant rhythm and enhanced foot grip to staircase designs while maintaining a timeless aesthetic.

**Size:** 105(W) x 47(H) mm

**Available Lengths (L):** 1 to 8 feet

**Wood Options-**Teak, walnut, wenge, Ebony and other exotic hardwoods (Subject to Availability).

### Fluted Sculpted Wooden Log

Crafted with elegant fluted grooves and rounded contours, this sculpted log adds a refined texture while ensuring secure foot grip and visual rhythm on staircases.

**Size:** 105(W) x 47(H) mm

**Available Lengths (L):** 1 to 8 feet

**Wood Options-**Teak, walnut, wenge, Ebony and other exotic hardwoods (Subject to Availability).

### Wave Fluted Sculpted Log

Designed with alternating wave flutes and rounded contours, this sculpted log offers a striking visual rhythm while ensuring a firm and ergonomic grip.

**Size:** 80(W) x 45(H) mm

**Available Lengths (L):** 1 to 8 feet

**Wood Options-**Teak, walnut, wenge, Ebony and other exotic hardwoods (Subject to Availability).

### Fine Fluted Sculpted Log

This log features tightly spaced fine flutes with rounded ends, offering a clean, uniform finish and enhanced grip for both vertical and horizontal surfaces.

**Size:** 100(W) x 47(H) mm

**Available Lengths (L):** 1 to 8 feet

**Wood Options-**Teak, walnut, wenge, Ebony and other exotic hardwoods (Subject to Availability).

### Deep Wave Sculpted Log

This unique design features deep wave-like contours that create bold visual rhythm and textured depth, ideal for premium interiors seeking standout detailing.

**Size:** 100(W) x 47(H) mm

**Available Lengths (L):** 1 to 8 feet

**Wood Options-**Teak, walnut, wenge, Ebony and other exotic hardwoods (Subject to Availability).

### Soft Curve Sculpted Log

Designed with shallow grooves and smooth elliptical shaping, this log offers an understated, organic elegance ideal for warm luxury interiors.

**Size:** 105(W) x 47(H) mm

**Available Lengths (L):** 1 to 8 feet

**Wood Options-**Teak, walnut, wenge, Ebony and other exotic hardwoods (Subject to Availability).

### Fine Fluted Sculpted Log

Meticulously crafted with delicate fine flutes and rounded edges, this sculpted log offers a sophisticated aesthetic while providing secure grip and enhanced foot comfort.

**Size:** 100(W) x 45(H) mm

**Available Lengths (L):** 1 to 8 feet

**Wood Options-**Teak, walnut, wenge, Ebony and other exotic hardwoods (Subject to Availability).

### Oval Fluted Sculpted Log

Elegantly shaped with fine vertical flutes and an oval profile, this sculpted log offers a refined aesthetic while ensuring a secure grip and comfortable foot placement.

**Size:** 90(W) x 50(H) mm

**Available Lengths (L):** 1 to 8 feet

**Wood Options-**Teak, walnut, wenge, Ebony and other exotic hardwoods (Subject to Availability).

# Signature Logs Collection

Experience the artistry of our sculpted wooden logs, crafted to transform every staircase into a statement of refined elegance. Each profile blends natural texture with precision shaping, delivering timeless beauty and architectural impact.

# The Art of Elevated Separation

“Redefining architectural boundaries — where flat planks end and sculpted elegance begins.”

At Wood Creation, we believe every step should stand out. That’s why we’ve reimagined ordinary flat treads into something truly exceptional — the Signature Log Series. Discover how our sculpted wooden logs bring a new level of elegance to every staircase.
